

**Introducing Bellaboo's**  
*NEW! Manners for Me* **Discovery Trip**  
designed for Pre-K to 1st grade

**Bellaboo's on the Move**

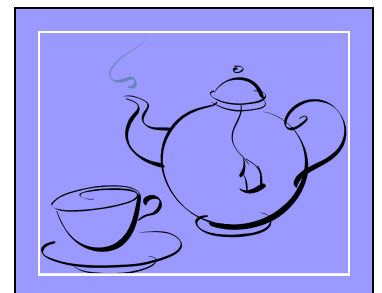

During this Discovery Trip, your student's will discover how wheels transport us from one place to another. Join in on the fun as we explore transportation and construct an edible vehicle. The children will learn about traffic signs which help keep us safe as we travel around focusing on bus safety. They will zoom around Bellaboo's giving them an opportunity to set their own wheels into motion as they explore different types of transportation.

Beep, Beep! Toot, Toot!

Plan your road trip to Bellaboo's soon.

**New! Manners for Me -**

This hands-on, do-it-yourself trip about manners introduces basic etiquette concepts in an intriguing, playful and (most-importantly) encouraging fashion. "Manners for Me" focuses on not just knowing the right way to do something, but wanting to do something the right way out of respect for yourself and others. Children will enjoy tea time as they create their own Petit Four. We will glide gracefully through some physically activities which will teach them how to set a proper table, do the basic box step and entering a room with confidence. Book a Manners for Me trip and help your children experience a social delight. Minimum of 15 students/Maximum of 150 students.
